

French/English Bilingual SEE courses offered through Unity Centre of Montreal

Metaphysics 1 starts 5 October 19h-21h eastern

It's time to energize Unity awareness and spiritual leadership in French across Canada and the world.

Starting Wednesday, October 5, 2022, at 19h - 21 h eastern Time, and continuing online at the same time on Nov. 6, 23, 30 and Dec. 7, Unity Centre of Montreal will present the first-ever French -English bilingual Metaphysics I class.

We invite present and future New Thought spiritual leaders interested in creating an active Unity-based French language spiritual learning and teaching community to join us.

If you are a Canadian, Islander, European, African , Asian or other who knows French — no matter where you are living— this is your chance to help create this important bilingual spiritual development opportunity.

We envision offering, in 2022-2024, in French or with assistance in French, the 18 -22 Unity Spiritual Education and Enrichment classes (SEE) that allow future Unity spiritual leaders to enter the leadership credentialing program of their choice (Licensed Unity Teacher or Minister.).

As we progress, we will also collaborate in translating into French the classic Unity texts on which the SEE program is based. Rev. Dr. Paul Hasselbeck, the author of *Heart Centred Metaphysics* (the text for the four Metaphysics courses) has already given his blessing to the translation of this material into French.

In this way, we will assure future generations of French-speaking Unity leaders access to the learning materials needed to develop future French-speaking Unity students.

If you know French, want to deepen your spiritual awareness, and are attracted to becoming an important French language spiritual education pioneer, we invite you to register for Bilingual Metaphysics I.
